

Slow Poultry Seminar

A STRATEGY FOR SUSTAINABLE POULTRY PRODUCTION

Copyright © 2016 Sustainable Poultry Network-USA

This 8 hour seminar provides an overview and strategy for developing sustainable poultry production. Learn how to start effectively breeding, growing and marketing poultry products that are both sustainable and profitable.

SEMINAR OVERVIEW

PURPOSE - What does sustainable poultry production look like?

PRODUCT - What does the sustainable poultry end product look like?

PROCESS - What does the process look like?

PROGRAMS - How to make sustainable poultry all work together!

JIM ADKINS

Founder and President of SPN-USA, Jim is passionate about people and poultry. For the past 35 years, he has raised over fifty breeds and varieties of standard-bred poultry (that includes chickens, ducks, geese and turkeys).
